

What an amazing experience I had with Damore Law

What an amazing experience I had with Damore Law. They guided me through a very difficult house sale that included dealing with Probate court. Taana, Assunta, and Kerry talked me through the probate process and executed the License to Sell. They were on top of every issue. Charlene then took over for the sale of the house. I cannot say enough about her. She was organized and precise assuring I only had to do things one time. She was on top of everything and communicated with me at every turn. I highly recommend this firm.

The entire staff at Damore law was excellent.

The entire staff at Damore law was excellent. I recently purchased a home and Attorney Assunta Perez handled the closing. It could not have gone smoother. She was organized and had all paperwork prepared which allowed for a quick and easy transaction. Do not hesitate to use Damore Law.

Assunta Perez handled our closing when we purchased our house and did an excellent job. The closing was done quickly and any questions we had were answered quickly. I totally recommend Damore law and Assunta Perez for any legal matters that you need help with! A+++

I can't say enough kind things about Assunta Perez

I can't say enough kind things about Assunta Perez, she helped me through my divorce process when my husband left. She was extremely patient with me, and even helped me meet my current therapist. She was highly knowledgeable about the process and stood up for me in court and fought for me during negotiations. She has my complete trust and I know that she considers what's best for me. I am extremely grateful to her.

I can not say enough

I can not say enough good things about DaMore Law firm and especially Assunta Perez! I was in a horrible situation for my family when I decided I needed to reach out to an attorney. I'm so glad I did because she quite literally saved the day for us! Assunta is a super personable, understanding and compassionate person really felt she cared about me, my boys and wanted the best for us. I felt listened to and understood but most of all I felt confident in her abilities. As sweet and compassionate as she was to us, when the time came where she needed to step up and push for us, I saw her professional, take no bull attitude. It was impressive! Her knowledge and expertise are top notch- without having hired her counsel we would be in a very different place in our lives. She really is in the perfect niche field as an attorney – having enough sensitivity to deal with the families behind the cases, but having that top prosecutor blood running through her veins to get the deal done for you! Highly recommend retaining her services if you're looking for a family law attorney.

She has an outstanding reputation

I have had the pleasure of working with Attorney Perez on several complicated family matters in both the Essex and Middlesex Probate and Family Courts. She has an outstanding reputation with the courts and her knowledge of probate law is outstanding. We were able to reach a resolution on our cases to our clients' collective satisfaction and I have a tremendous amount of respect for her. Simply put, there are some lawyers that I look forward to working with and Attorney Perez is certainly one of them. I endorse her enthusiastically.

Whether its tough litigation, coming to the negotiating table, or crafting creative solutions, Assunta is a talented attorney and excels at it all. It's attorneys like Assunta that elevate all attorneys: when you see her on the other side, you bring your very best because you know you are going up against the best. Our profession is fortunate to have her among its ranks, and any client she represents is just as fortunate. She knows her clients' goals and she knows how to achieve them.
