

# **I highly recommend Assunta**

Assunta Perez is a very hard-working attorney that will always fight for you. She excepts all challenges from every direction and manages all types of interference very well. She is poised with professionalism and good character. She is the attorney that you want to work for you. I highly recommend Assunta. It was enjoyable working with her over the past 13 months of my divorce.

## **She did an awesome job!**

Assunta set up our house so our daughter was executive of the house as my husband has dementia. This was we save the house from a nursing home taking it. She did an awesome job.
