Peter DaMore and his team did an amazing job

Peter DaMore and his team did an amazing job representing me for the closing of my house sale. I live out of state in Texas and was selling my house in MA and they handled everything for me – the entire process was smooth and seamless. I couldn't have asked for a better experience!

I cannot recommend Peter and his team enough!

I cannot recommend Peter and his team enough! Being a first-time homebuyer, the process can be overwhelming, but they really took the time to make sure I understood everything going on. But most importantly when my first deal fell through due to the seller they tried to keep it together and were very honest about what could happen next and the different paths I could take which I appreciated.

I'm so excited to finally be a homeowner of a beautiful condo. Thank you again Peter and team I truly appreciate all your help during this process!
