

What an amazing experience I had with Damore Law

What an amazing experience I had with Damore Law. They guided me through a very difficult house sale that included dealing with Probate court. Taana, Assunta, and Kerry talked me through the probate process and executed the License to Sell. They were on top of every issue. Charlene then took over for the sale of the house. I cannot say enough about her. She was organized and precise assuring I only had to do things one time. She was on top of everything and communicated with me at every turn. I highly recommend this firm.

Thank you all for the time and effort you have provided me through

what was certainly a learning experience for me. I had never even known of the word conservatorship prior to going through this process. I will be forever grateful to you and your team for the patience and understanding you provided me through my tears. It was a hard process, but you somehow made it better for me. You held my hand and walked me through the process when I needed it most. So thank you from the bottom of my heart. Although I wish we had never needed to meet, I am glad we did. I truly believe angels were on my side when they directed me to your offices.

Thank you so much for all your hard work!
